

TECHNICAL SPECIFICATION

We need 4 DI Box, 2 for the banjo and ukulele (1 player), 1 for the acoustic guitar and 1 for the bass.

We also need 1 Shure SM57 with stand for the electric guitar amp and 5 Shure SM58 with stand for the vocal, that must be placed in line in front of the stage.

2 AC plug is needed at the bottom of the stage, 1 on the left for the el gtr amp, 1 on the right for the bass amp. 3 AC plug is needed on the front left for el gtr pedals effect (1 od, 1 dly, 1 boost)

We provide only our instruments/pedals and cable to plug in amps/DI, everything else must be provided by the organization/venue.

Is necessary to have an appropriate PA due to the dimension of the venue and a mixer with at least 20 CH. (!!!NO BEHRINGER!!!)
